MAYOR'S MESSAGE

In beginning this new year I am not taking time to review at length the achievements of the past but rather I am going to call your attention to some of the problems of the present.

After four years of depression the city finds itself able to perform the ordinary functions of government without im-

pairing its credit. It has not, however, been able to finance its welfare but has had to request aid from the federal and state governments. Last year it was necessary to receive outside funds amounting to well over a quarter of a million dollars. During the present year even a larger sum may be required.

The city has made constant progress in its bond retirement. During 1933 the city retired \$205,000 of its general obligation bonds, and the Water & Electric Light Board retired \$202,500 of its bonds resulting in a total reduction of \$407,500 in the city's debt.

It seemed advisable to refund about one-half of the bonds maturing in 1933, and I recommend that the same policy be followed this year for the purpose of lightening the tax burden.

Taxation

One of the city's greatest problems is caused by the inability of so many of its taxpayers to meet their payments. Whenever taxpayers are unable to pay it seems unjust to add a penalty to their burden. I believe that some method should be devised whereby taxpayers could be relieved of the penalty in cases where it is clearly shown that they are unable to pay. I recommend that the council give serious consideration to this matter.

The need of tax relief is known to

every taxpayer. The problem of tax reduction is a difficult one when it is considered that practically one dollar out of every three paid in taxes is required for bond service. I believe that the city should reduce its bonded indebtedness as fast as possible and that it should issue no more bonds of any kind. The city's policy should be to get out of debt and put its business on a cash basis as soon as possible. Without the bond service charge we would have no serious tax problem in Lansing.

In the past it has been customary in Lansing to allow transient merchants to dispose of merchandise in the city and then move away before tax time. This practice is manifestly an injustice to the merchants and to the other taxpayers in the city. I recommend that the council provide some regulation whereby these transient merchants shall bear their share of the tax burden.

Garbage

At the present time the city is disposing of its garbage by delivering it to the Portland Piggery at Portland, Michigan. The present contract is indefinite and in some other respects is very unsatisfactory from the city's standpoint. I recommend that the present contract be cancelled and that it be replaced with something more definite. I further recommend that the question of garbage disposal be given a thorough study, with the view of securing some more economical method of disposal.

Welfare

Many of the good citizens of Lansing have become temporary unable to provide for themselves and must receive help from the city. This help is provided through a commissary located on East Ottawa Street. To this commissary all persons receiving help from the city must come for supplies and then get them to their respective homes as best they can. Not only does this congestion add to the humiliation of the recipients but it also interferes with the merchants in the vicinity. I recommend that immediate steps be taken to remedy this condition. The whole welfare problem can be vastly improved by dividing the city into four zones with a distributing depot in each of them, or by a system of truck delivery. Either of these methods can be employed without increasing the cost to the city.

Improvements

The Federal Government at the present time is distributing much money to the communities throughout the nation for public improvements. The city has already received considerable benefit from this policy on the part of the government. We have been able to put many hundreds of men to work and to put thousands of dollars into circulation in this community through this method. In order that the city may take advantage of all available federal money, I recommend that all de-

partments of city government study their present methods and wherever improvements can be made in accordance with the CWA, that such improvements be presented to the Ingham County Emergency Relief Commission for approval.

Conclusion

While the nation is in the process of recovery at present, in the opinion of many of our national leaders the intensive efforts now underway must be continued until permanent success is assured. We shall be confronted for some time with serious problems and their solution for the best interests of all of Lansing's citizens will be facilitated by close co-operation between the executive and legislative branches of our municipal government.

I desire to extend to the members of the City Council my sincere appreciation for the co-operation accorded me since I assumed the office of mayor, and, in welcoming to the Council the new members, I wish to express the hope that these pleasant relationships may be continued.

In such a spirit of mutual desire for the well-being of our city we may face the future with confidence that Lansing will continue to keep her high place among the municipalities of the nation.

By Ald. Gleason, Smith and Shaw—

WHEREAS, the death of John F. Crotty has left this community with a peculiarity deep sense of civic and personal loss both because he had been among us so long and because his personal qualities and services will not and cannot be duplicated; and

WHEREAS, during his more than fifty years as a resident of Lansing he not only performed the ordinary obligation of citizenship and the special duties of public office as Alderman and Mayor faithfully and cheerfully, but brought to all the relationships of business and friendship a genial uprightness, a ripe and stimulating culture, and a steadfast and confident democracy which made of him almost a civic institution, loved and valued by all. Now he has closed the book and closed the account once and for all. But though for so long a span of years he had exemplified the highest virtues of citizenship there was nothing of age about him except white hair; almost to the last day of his life he was still a mental athlete striving for new goals of wisdom. The integrity of his spirit, the wisdom of his judgment, and the catholic sympathy of his mind kept him young to the last. He had leisure to spare from the acquisition of the means of life for life itself—time to appreciate the value of friendship and to enter into humane and disinterested relations with his fellowmen; therefore be it

RESOLVED, that we hereby acknowledge and testify to the peculiarly heavy indebtedness which we and the community at large owe to the services, the influence, and the memory of John F. Crotty.

Resolved by the City Council of the City of Lansing:

Whereas, the City of Lansing, the Tax-payers of Lansing and the Merchants of Lansing have been taken advantage of during the past years by the Fly-by-night merchants, racketeers and fakers to the amount of several hundreds of thousands of dollars. These transient retailers have come into the City of Lansing at the various peak seasons of the retail trade and have established a store for thirty or sixty days and have taken thousands of dollars from the people of Lansing and in return have not given the City of Lansing one penny.

I would propose an Ordinance covering this class of merchants with a personal tax payable immediately upon the opening of their store and for them to show inventories and cost of merchandise and other detail matter to be gone over. Also, for the people of Lansing to know just how long they intend staying in our City. I believe an Ordinance of this kind would do away with the above class of merchants and at the same time give our City and its people a much better understanding and more confidence in our local retail establishments.

Therefore, let this be referred to the Ordinance Committee for them to draft up an Ordinance covering the above.

Referred to Committee on Ordinances.

By Ald. Smith—
Resolved by the City Council of the City of Lansing:

Re: City of Lansing, Michigan, Sewer
 $3\frac{1}{2}\%$ Bonds—Due 5-1-34

Dear Sir:

This Company is the owner of \$5,000 par value City of Lansing, Michigan, Sewer $3\frac{1}{2}\%$ Bonds due May 1st, 1934.

We have read an outline of your plan to pay one-half the par value of the above bonds on maturity and to refund the balance with bonds bearing $4\frac{1}{2}\%$ interest.

This plan is agreeable to us on condition that all holders of bonds maturing in May, 1934, are treated alike and that no bondholder receives a larger percentage of payment in cash than any other bondholder.

The bonds we hold bear the numbers 43, 44, 45, 46 and 47 and are in the denomination of \$1,000 each.

If your plan is put into effect, as stated above, we will send our bonds to you when they mature, or sooner if you desire.

The Refunding Bonds which we would prefer would be those of the earliest maturity, but if you cannot, in fairness to others, comply with our request, we are willing to accept other maturities.

It is understood that an adjustment of interest will be made according to the rates of the old bonds and the new ones when the exchange is made.

Please let us hear from you as to whether or not your exchange plan becomes effective.

Thanking you, we are

Yours very truly,

EAGLE DISCOUNT STAMP CO.

ORDINANCES

Ald. Busch introduced the following Ordinance which was read a first and second time by the title and referred to the Committee on Ordinances:

AN ORDINANCE RELATIVE TO THE LICENSING THOSE WHO INTEND TO ENGAGE IN AND CARRY ON THE BUSINESS OF SELLING AND EXPOSING FOR SALE, GOODS, WARES AND MERCHANDISE, AND/OR MANUFACTURING WITHIN THE CITY OF LANSING.

The City of Lansing Ordains:

Section 1. It shall be lawful for any person, firm or corporation, whose personal property, whether owned or in consignment, consists wholly or in part of stocks of goods, wares, merchandise, furniture and fixtures, raw materials or finished product, machinery and/or equipment, buildings on leased land, cash, credits and debits, or any other personal property of like nature, either tangible or intangible, such as is usually subject to taxation, to hereafter engage in any business within the corporate limits of the City of Lansing, Michigan, without having first procured from the Council of said City, a license therefor, as required by this ordinance, provided, however, that this ordinance shall not apply to hawking or peddling or soliciting or taking orders from house to house, or to transient tradesmen.

Section 2. Section one of this ordinance shall be construed to apply to any person, firm or corporation, who shall hereafter engage in any business of selling or exposing for sale, and/or manufacturing, whose goods, wares, merchandise, fixtures, machinery, etc., consists of personal property actually kept on hand, or as purchaser or purchasers, of a stock of goods or equipment at foreclosure of a chattel mortgage, or as a trustee under a trust mortgage on goods, merchandise, equip-

ment, etc., provided, however, that nothing in this ordinance shall be construed to apply to any person, firm or corporation now engaged in business in said city and now assessed for taxes, so long as such person, firm or corporation continues in the same business in which he, they or it are now engaged, and for which he, they or it are assessed for taxes.

Section 3. Any person, firm or corporation desiring hereafter to engage in business in said city; shall make and file with the Assessors of said City, on blanks to be furnished by said Assessors, a statement (in duplicate) setting forth the character and location of the business in which they desire to engage; the amount and value of goods, equipment and other personal property as mentioned in Section one of this ordinance, which are to be used and employed by them in carrying on such business; and the date on which they propose to begin carrying on such business, which statement shall be made under oath.

The Assessors shall thereupon examine such goods, etc., and in the same manner as annual assessments are made for general taxes, they shall estimate the amount that such general taxes (July and December taxes, combined) would be, on a cash valuation of said goods, equipment, etc., at the tax rates last used in said city for said taxes, for the time from the beginning of such business up to the first day of July following, which shall be computed by months; provided, however, that a major part of the month shall be construed and charged for as a full month.

The Assessors shall, at once, file the application and statement, as well as their findings and estimates, with the Clerk of the City, together with a recommendation of the amount of license fee to be charged, which amount shall be based on, and comparable with, the amount of taxes paid by competing businesses for the same period of time on like valuations.

At the next regular meeting of the Council, or at a special meeting called for the purpose, the said Clerk shall present the same to the said Council, and said Council shall thereupon fix and determine, by resolution, the amount of license fee to be paid by such applicant, and the said Clerk shall immediately issue a license to the applicant upon the payment of the sum so fixed by the said Council; provided: that the said Council may, if deemed advisable, hold a hearing on the subject, after giving the applicant notice of the time and place of such hearing.

Section 4. Any person, firm, or corporation, having paid the license fee as provided in section three of this ordinance, and having discontinued to do business and having removed all their goods, fixtures, equipment, etc., out of the City of Lansing, prior to the first day of July of any year, may receive a rebate from the City of such part of the license fee, as the number of full months from the cessation of business and removal of the property

up to the first of July following, compares to the total number of months for which the license was paid, and in all cases said Council shall, by resolution, direct the Mayor and Clerk of the City to draw a warrant on the City Treasurer, in favor of such licensee, for any sum to be so rebated; provided, however, that the amount to be retained by the City shall in no case be less than 25% of the amount of such license fee so paid.

If such person, firm, or corporation shall still be doing business at the first day of July, following the payment of said license fee, and the Assessors shall have placed said person, firm, or corporation on the regular assessment and tax roll of the City for that calendar year, in the same manner as all other businesses in the City are assessed, the Mayor and Clerk of the City shall draw a warrant on the City Treasurer in favor of the said Treasurer for such sum as that portion of the license fee would be for the time after January 1st and before July 1st, and the City Treasurer shall credit such sum to the current year's taxes of said person, firm, or corporation, and thereafter they shall pay taxes instead of license fees.

Section 5. Nothing in this ordinance shall be construed to prohibit the sale of goods, wares or merchandise at wholesale to merchants and dealers or manufacturers in business in the City of Lansing; nor to any person, firm, or corporation, selling or exposing for sale, goods, wares, and merchandise of their own manufacture or raising; nor to any person or persons foreclosing any chattel mortgage, when the property is disposed of under the power of sale contained in such instrument and not sold at retail; and shall not apply to sales made under order of any court, nor where the property is already on the assessment and tax rolls of said City.

Section 6. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Council of the City hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional or invalid.

Section 7. Any person violating any of the provisions of this ordinance, and who shall be convicted thereof, or who shall plead guilty to any complaint for the violations thereof, shall be punished by a fine not exceeding One Hundred Dollars (\$100.00) for each offense, or by imprisonment in the county jail of Ingham County or the city prison of said city for a term not exceeding ninety days, or by both said fine and imprisonment, in the discretion of the court. If the fine be imposed, the court, before whom such conviction shall be had, may make a further sentence that, in default of the payment

of such fine, within a time to be fixed by such court, the person so convicted shall be imprisoned in said county jail, or in the said City prison, until such fine be paid, for a term not exceeding ninety days.

Section 8. All other ordinances, and parts of ordinances, in any way contravening the provisions of this ordinance, are hereby repealed.

By Committee on Bonds and Contracts—

After hearing complaints from residents in the neighborhood of the Cedar Way Inn, this Committee is of the opinion that the place is a nuisance in the neighborhood. But that most of this nuisance is of a nature that the proprietors of this place have no control over, although the fact that this place is located there is directly the cause of these nuisances. The fact that the applications for licenses as approved by this Council only carried the name of Louis Estfan and that later the name of M. H. Nakfoor was added, we believe is rather irregular in nature.

We believe that a patrolman on duty from 10 P. M. until 2:30 A. M. would greatly help to abate this nuisance and so the Committee does recommend that the Chief of Police be instructed to have this section of Cedar Street from Baker to Norman Streets and for one block east on Isbell Street be regularly patrolled from 10 P. M. to 2:30 A. M.

Signed:

E. G. CAMPBELL,
F. E. SHAW,

H. T. BUSCH,
THOMAS TOY,
JOHN A. MUTZ,

Committee on Bonds and Contracts.

By Ald. Campbell—

That the report of the Committee be adopted.

Carried.

The Committee on TRANSPORTATION to whom was referred the motor bus proposal of R. A. Whitehead, et al, reports as follows:

We recommend that, in fairness to the City Transport Company, that they continue until the 1st of May, 1934, until their license is used up, as per Resolution passed by this Council on December 4th, 1933.

Signed:

By Ald. Busch—

In all fairness to the Manufacturing Plants and the Taxpayers of the City of Lansing, I feel that we have waited long enough for some action in reference to the Durant Plant, which was sold about a year ago, and on which the assessment was reduced on the assumption that a new industry was coming into Lansing to employ Lansing labor.

Up to the present time, nothing has transpired and if this plant was purchased for a speculation, they should be assessed at the full valuation and not given any reduction on the assessment.

I feel the people of the City of Lansing should know more about what they can expect in regard to the purchase of this plant as they are paying the full assessments that are placed against their own homes and other industries.

Thereby, knowing that the Board of City Assessors are willing to cooperate with the City Council at all times and that the above plant is in the jurisdiction of Lawrence Heller, City Assessor, I feel that in all fairness to him, that a report covering future plans should be forthcoming within ninety days from date.

Therefore be it resolved by the City Council of the City of Lansing, that the City Assessors be instructed to place this property on the tax rolls at its true value.

Referred to the City Assessors.

By Ald. Smith—

(A) Every abattoir or slaughter house shall consist of a substantial building, well lighted and containing a killing room, a chill room and a cooling room with suitable refrigerating machinery, together with suitable pens, shutes, knives, tools, cleavers and other equipment which shall be necessary to operate the same in an efficient and sanitary manner, and shall be operated in such manner as may be pre-

scribed by the rules and regulations of the Board of Health, provided, however, that where existing slaughter houses are so located that it is not feasible to have a refrigerating plant, then and in such event a chill-room shall be constructed of such feasible and reasonable design as may be approved by the Board of Health; and provided further that all carcasses of meats handled in a slaughter house if intended for sale in the City of Lansing shall be removed from the slaughter house within ten hours after the time of killing except during such months of the year when the chill room may be kept at a temperature of not more than fifty degrees.

(B) The killing room shall be adequate in size; the floors shall be constructed of concrete, connected with sewer or other approved drainage. Towels and soap, cuspidors and toilets shall be provided for all employees working and using such building.

(F) No slaughtering shall be done in barns or sheds of other buildings not designed and not suitable for slaughtering animals and for the handling, dressing and

cooling of meats in conformity to the provisions of this ordinance (nor shall any slaughtering be done outside of a building).

(G) All slaughter houses shall have an abundant supply of water from a well or other source which is not contaminated from the slaughter house or surrounding pens or enclosures or any part of the premises, and which water may be applied with adequate pressure through a hose to any part of the room or rooms used for the purpose of slaughtering or preparing meats for consumption as human food.

(H) All slaughter houses shall have suitable floors (As herein before provided) and sub-drainage with proper sewer connections, which floors shall be thoroughly washed off each day after slaughtering is completed.

Section 4--(A) The Health Director of the City of Lansing is hereby empowered to provide for the grading and stamping of meats intended for sale in the City of Lansing and shall make all reasonable rules and regulations covering such grading, stamping and inspection provided that the grading and stamping of meats shall conform to the standards adopted by the U. S. Dept. of Agriculture, Bureau of Agricultural Economics. The Board of Health shall have the power to set the Inspection Fees for all inspectional services as is required by this Ordinance. By Ald. Busch—

The Kiwanis Service Club of Lansing is again sponsoring a "Kiddies Clothes Campaign" for this year. It met with great

success last year and took care of several hundred children with clothing. The organizations that benefit by this drive are the Salvation Army and the Volunteers of America, who will again this year derive the benefits of this campaign.

They wish permission to place on all main corners and other corners of the City containers to gather up the clothing deposited by the citizens. This is one of the most worthy causes and I recommend permission be granted.

Therefore, be it resolved, that permission is hereby granted to place said containers on street corners.

Adopted by the following vote:

Yeas—Ald. Arney, Busch, Campbell, Clark, Gleason, Harper, Larabee, Mutz, Pease, Reck, Rogers, Shaw, Siebert, Smith, Toy.—15.

By. Ald. Busch—

Resolved therefore, that Mayor Templeton appoint a Committee to welcome this distinguished woman member of the United States Cabinet, and extend such courtesies as the length of her visit here permits.

MOTIONS, RESOLUTIONS AND NOTICES

By Ald. Shaw—

Whereas, the Federal Government is sponsoring a system of subsistence homesteads as part of its campaign to provide for seasonal and technological unemployment; and

Whereas, the State of Michigan has deeded five hundred seventy-eight and one-half acres of land adjacent to Lansing to the Federal Government to be used for subsistence homesteads and allied projects; and

Whereas, Lansing is so situated in the heart of the automobile manufacturing district that it is highly subject to both seasonal and technological unemployment; and

Whereas, recent postal and local inspections have shown that Lansing's recent surplus of housing facilities has almost entirely disappeared and a real shortage of suitable small homes exists at the present time; therefore be it

Resolved, that the Council of the City of Lansing recognizes the need and importance of such a project in our midst; is in hearty accord with the splendid efforts being made by the Federal Government in this line; and, should the Federal Government see fit to appoint the Community Cooperative Industries, Incorporated, or any other similar organization, to carry out this project, we the Council of the City of Lansing, will cooperate with the State and Federal Governments

in rendering any assistance within our power to this movement.

Section 147. The city assessors shall make and complete as far as possible, tax rolls of the several wards of the city, in the manner and at the time provided for in the preceding sections, for the spreading thereon the amounts apportioned against the several wards for the state, county, and school taxes, and shall complete said rolls and deliver them to the city treasurer at the time prescribed by law for delivery of the township rolls to the township treasurer, and a copy to the city clerk with his warrant attached to each of said assessment rolls, under his hand, commanding the city treasurer to collect from the several persons named in the said rolls the several sums mentioned in the total column of said rolls, opposite their respective names, and to retain in his

ORDINANCE

The Ordinance Committee introduced the following Ordinance which was read a first and second time by its title and referred to the Committee on Ordinances:

AN ORDINANCE TO CONTROL, REGULATE AND LICENSE CABARETS IN THE CITY OF LANSING, AND TO PROVIDE A PENALTY FOR THE VIOLATION THEREOF.

The City of Lansing Ordains:

Section 1. For the purpose of this ordinance the term "cabaret" shall mean any space, structure, building or other place, enclosed, or unenclosed, wherein food and/or beer, whiskey, wine or other spirituous liquor is served on the premises including restaurants as defined in Section 2 of Act 2 of the Public Acts of the State of Michigan of the Extra Session of 1933, and wherein patrons are provided with entertainment and/or space for dancing.

"Cabaret operator" shall be deemed to mean any person, firm, corporation or association operating a cabaret as hereinbefore defined.

Section 2. No person, firm, corporation or association shall keep, maintain or operate a cabaret as hereinbefore defined without first having obtained a license therefor.

Section 3. All applications for licenses shall be made on a form provided for that purpose by the city clerk, setting forth a description of the place wherein it is proposed to operate such cabaret, the name or names of the persons interested in said business and the place of residence of the applicant. Such application shall also contain an agreement by which the applicant consents and agrees that any member of the Police Department or Fire Department, Inspectors of the Health Department and Inspectors of the Department of Buildings, or other officers of the City of Lansing may enter and inspect any part of such premises including the locked portions thereof, and shall also contain an agreement that the applicant will abide by and comply with the laws of the United States and the State of Michigan and the rules and regulations of the Liquor Con-

trol Commission relative to the sale of alcoholic liquors.

Section 4. Upon the filing of such application the Chief of Police or such other officer as shall be designated by him shall cause an examination to be made of the place where it is proposed to operate such cabaret and shall investigate the habits and moral character of the applicant, in order to determine whether the applicant is a proper person to conduct such business.

Section 5. No such license shall be issued unless the premises for which application is made complies with all the laws and ordinances of the State of Michigan and the City of Lansing, and all rules and regulations of the Building Department, Police Department, Board of Health and Fire Department, and in the opinion of the City Council, is a safe and proper place to operate such business, nor shall any license be issued unless the applicant is of good moral character and is a suitable person to conduct and operate such cabaret, and is a bonafide operator or owner of such cabaret, nor unless the applicant is a citizen of the United States and a resident of the City of Lansing for at least six months next preceding the filing of the application, and, in case of a corporation, unless the majority of the shares of stock are owned by citizens of the United States.

Section 6. No license shall be granted to any applicant owing any personal taxes to the City of Lansing, or who makes use of or contemplates the use in such cabaret of any such personal property, fixtures or effects upon which any personal property taxes are owing.

Section 7. The fee for each license for each place of business shall be \$50.00 for each year. Every license shall expire on May 1st of each year and pro rata credit shall be given for all licenses already issued to such businesses and paid for.

Section 8. The council may refuse to issue a license to the proprietor or lessee or manager of any cabaret, and may revoke any license already issued to any such proprietor or lessee or manager for any good and satisfactory reason. The city council shall revoke any license already issued to the proprietor or lessee or manager of any cabaret upon proof of the violation by any such proprietor or lessee or manager of any statute of the State of Michigan for which violation a fine may be imposed or a sentence to imprisonment in a state prison may attach or be imposed, or for which violation a sentence to confinement in the County Jail may attach or be imposed; and the city council shall revoke any license already issued to the proprietor or lessee or manager of any cabaret upon proof of the violation of any ordinance of the City of Lansing regulating, controlling or in any way relating to the construction of any such cabaret or of any ordinance regulating, controlling or in any way relating to health sanitation, fire protection or the public

peace or for the violation of any of the provisions of this ordinance.

Section 9. (a) No cabaret shall be permitted to operate between the hours of 2 P. M. and 7:00 A. M., Eastern Standard Time.

(b) No licensee, by himself or another, shall permit his establishment to become a place for thieves, prostitutes, procurers, vagrants or other disorderly persons to congregate, loiter or resort.

(c) No licensee, by himself or another, shall permit any gambling in his place of business or permit the placing or use of any gambling apparatus or paraphernalia on or about his premises, nor shall any licensee permit any disorderly conduct or lewd, obscene or immoral language, exhibition, dancing or entertainment on his premises, nor shall he permit any other conduct likely to corrupt the morals of youth.

(d) It shall be unlawful for any licensee, by himself or another, to permit the use of so-called "dim lights" and such licensee shall make use of bright lights at all times during such hours when lighting may be necessary.

(e) No licensee licensed under the terms of the Liquor Act of the State of Michigan, to sell beer, wine and/or spirits and also licensed hereunder, shall permit any minors under the age of twenty-one in or about the rooms set aside for dancing or rooms adjacent thereto.

(f) No licensee, by himself or another, shall permit any intoxicated person or persons under the influence of intoxicating liquors to dance or loiter in his place or establishment.

(g) No licensee, by himself or another, shall permit any dancing in any space except in such space especially set aside for dancing and approved for such use by the Chief of Police.

(h) No screens, shades, partitions, booths, the height of which extend more than forty-two (42) inches from the floor, or other obstructions shall be permitted in a place where beer, wine and/or spirits are sold for consumption on the premises.

Section 10. The Chief of Police is hereby authorized to make any other rules and regulations governing the maintenance and operation of any cabaret. Failure to comply with the provisions of this section shall be deemed good and sufficient cause for the summary suspension by the city council of the license of the licensee until such time as a hearing may be had upon an application for the revocation of such license.

Section 11. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine of not more than One Hundred Dollars (\$100.00), or imprisonment for a period of not more than

Whereas, it has been proposed that the State of Michigan deed to the Federal Government a site adjoining the Capitol Airport, near Lansing, for subsistence homestead purposes; and

Whereas, it has been proposed the tenants occupying this site would have part-time employment in Lansing factories; and

Whereas, this proposed site is very inaccessible, requiring several grade crossings over a trunk line railroad and the Grand River; and

Whereas, the Council would be vitally concerned in providing for transportation, sewer, water, gas and light to the proposed site; Now, therefore,

Resolved, by this Council, that the State of Michigan reconsider its choice of the

projected site, proposing instead a plot removed from railroads and reached direct by several traffic lanes, thereby providing greater accessibility.

And further Resolved, that this action of the Council be forthwith respectfully submitted to William Comstock, Governor of the State of Michigan.

Whereas, on April 6, 1933, the City Council of the City of Lansing did vote to unseat one, Wm. L. McComb, said Wm. L. McComb at the time, being one of the members of said City Council, and action which the Council had been advised to do by a Circuit Judge sitting as a one man Grand Jury, and by a special committee of the Council, and in a manner which had been advised by the then City Attorney, and

Inasmuch as the members of the then City Council were acting in their capacities as Aldermen elect for the City of Lansing and only as such had they any right to vote on the question, and

Inasmuch as said Wm. L. McComb did file suit against the City of Lansing, the City Council and the Aldermen as individuals and one Frank Thoman, and

Inasmuch as the Court dismissed the cases against the City of Lansing and the City Council, but allowed the cases to stand against the Aldermen and Frank Thoman as individuals, and it was found necessary to secure legal defense, and one Bernard Pierce was retained at an agreed sum of \$200.00,

Inasmuch as the case never came to trial and it was never proven that said Wm. L. McComb had any just claim against the Council members and Former Alderman Frank Thoman, now be it

Resolved, that the City Clerk be authorized to draw an order on the City Treasurer to cover this amount in favor of Bernard Pierce upon proof that Bernard Pierce has refunded to those Councilmen who may have already paid, and charge the same to the Garbage Revolving Fund.

Due to the heat during the summer months of June, July and August and the fact that the month of June has already passed, I hereby tender this resolution, to take effect immediately, for the patrolmen to discard their coats for the remainder of the summer months, which are July and August. I feel that this will create more efficiency and comfort to the men and they will be able to perform their duties much better.

I, also, recommend that the Police and Fire Board recommend a uniform blouse of light weight material for the men so that Lansing Police force will rank with the greater majority of cities where their patrolmen dress for summer weather. I do not feel that they should be asked to buy a very expensive outfit and I am sure they will be very glad to pay for the small expense of buying a few shirts. Until such an action is taken by the Police and Fire Board, I recommend that the men wear white shirts.

By Ald. Shaw—

By Ald. Busch—

I feel that Lansing should be proud of their Police and Fire Departments as they are composed of men who are outstanding in their civic loyalty and high calibre.

Furthermore, after they have spent twenty-five years of their lives, working for our City, day in and day out, guarding the lives and property of our citizens, I feel they are entitled to some compensation from the City of Lansing. I believe that it is about time for Lansing to, show its appreciation, along with other cities, by giving these men a small reward for their many years of service.

Therefore, be it resolved, that the Mayor either appointee a Committee of three, or refer this matter to one of the present Committees, to work out a Pension Fund Plan that will be agreeable to the men of these Departments and to the City of Lansing; this Committee to furnish a report in the very near future for the Council to act upon.

The report of the City Treasurer for the month of August, 1934, was received and placed on file.

September 17, 1934.

To the City Council:

I wish to bring to your attention the vote on the natural gas project. The voters by their ballot directed the City Council to open negotiations for a Federal Loan and make the required engineering estimates looking to the securing of natural gas for the City of Lansing, providing developments appear to assure an adequate source of supply.

I request the Council to take this matter under advisement without delay. Perhaps the most effective way for the Council to handle the matter is to choose a Committee to put into effect the mandate of the voters.

Very truly yours,
MAX TEMPLETON,
Mayor.

REPORTS OF OFFICERS

September 23, 1934.

To the Mayor and Members of the City Council,

Lansing, Michigan.

Gentlemen:

Under date of August 23rd, 1934, I received a letter from the Motor Wheel Corporation asking that a refund be made to them for a personal property tax assessed against them for stock in the Lansing National Bank. After an investigation of the above I find that this matter of an assessment of bank stock was made in the name of Harry Harper and Drury Porter each holding 250 shares of the bank stock. This stock was the property of the Motor Wheel Corporation but could not be held by the corporation, hence the naming of these two gentlemen as trustees. In the personal property tax report filed with the City Assessors this bank stock is given as part of their assets and therefore the assessing of the stock to these two men constitutes a double assessment against the Motor Wheel Corporation.

Any action tending toward a satisfactory settlement of this matter will be appreciated by all concerned.

Respectfully yours,

DAVID E. LORD,
City Assessor.

Referred to Committee on City Affairs.

September 24, 1934.

Honorable Mayor and City Council,

REPORTS OF CITY OFFICERS

October 25th, 1934.

To the Honorable Mayor and City Council:

The City Attorney, to whom was referred the request of Cigar Stores Realty Holdings, Inc., for a refund on July, 1934, taxes, representing the rate on a \$20,000 reduction in valuation made by the State Tax Commission, begs to advise as follows:

The review of the assessment on the United Building and the Durant Plant was made by the Tax Commission under authority of Section 3547, Compiled Laws of 1929. The time is expressly specified within which the State Tax Commission must act, viz: after the assessment rolls have been passed upon by the local board of review and prior to the making and delivery of the tax rolls to the collecting officer, in this instance, the city treasurer.

The board of review confirmed the roll by its certificate under date of June 9th, 1934. The assessor's warrant submitting the July roll to the city treasurer is dated July 16th, 1934, thereby complying with Section 145 of the City Charter requiring the assessors to "make and complete tax rolls" and "deliver same to the city treasurer on or before the third Monday in July of each year, with their warrant attached to each of said assessment rolls, under their hands, commanding the treasurer to collect within ninety days." * * * The reduction in the assessed valuation of the United Building and the Durant Plant by the Tax Commission is represented by the certificate of the commission dated

August 22nd, 1934. This was more than a month after the July rolls were delivered to the city treasurer. The reduction is therefore ineffective as to July, 1934 taxes. The city treasurer is entitled to retain the full amount of taxes paid on the United Building, and to collect the entire original July assessment on the Durant Plant. The reduction in valuation is, however, effective as to December, 1934 taxes, being made before the December tax rolls are delivered to the treasurer. It remains with the city council whether to make a voluntary refund on the United Building tax payment on the theory that the July assessment was too high.

Respectfully submitted,

J. W. PLANCK,
City Attorney.

Received and placed on file.

To the Honorable Mayor and City Council
of the City of Lansing:

The Committee on CLAIMS AND ACCOUNTS for the City of Lansing is holding bills from the Ingham County Relief Commission, without signatures, giving as a reason that no explanation as to the mounting costs has been given. But, we do find by consulting the records of the Lansing office of Superintendents of the Poor, that between the period of October 24th, through November 16th, 1934, eighty-nine (89) families have been cleared, totaling 330 persons, belonging to other counties. During the same period, thirteen (13) families, or forty-eight (48) persons, have been cleared who have a legal settlement in other states.

The files in the above referred to office would lead us to believe that about the same ratio has been cleared through the office each month.

With these facts, we feel that we should be entitled to have a report giving the number and names of families, legal settlement, costs, etc., so that we may be able to determine whether or not we are contributing towards the support of families who do not legally belong to us.

Signed:

JOHN A. MUTZ,
M. A. HARPER,

REPORT OF COMMITTEE

The Committee on Natural Gas

Your Committee on Natural Gas begs leave to report as follows: That a copy of the "Market for and Supply of Natural Gas in Michigan No. D-2884" issued by the Michigan Public Utilities Engineering Department October 25, 1934, has been secured and this report is made from the report mentioned above.

"The Commission's order of March 26, 1934, directed the making of a survey of circumstances and conditions affecting the production, transmission, distribution and consumption of Natural Gas in Michigan embraces eleven subdivisions, two general in character; nine dealing with specific portions of the problem. This report is the result of the work of the Department of Conservation of the State, the U. S. Bureau of Mines and the Engineering Department of this Commission. These gentlemen are responsible for the determination and interpretation of the substantially hidden information forming the basis of conclusions concerning underground conditions which convey information and knowledge concerning the existence and extent of Natural Gas reserves. The preliminary report of the U. S. Bureau of Mines is incorporated in its essential part in this report. The report set forth the facts which control the price a

which natural gas must be offer if the public should be induced to buy it. Present indications are that in general the price for various classes of natural gas should be—

Domestic use to average—
\$1.25 per M. cubic feet

House heating—
.50 per M. cubic feet

Commercial use—
1.40 per M. cubic feet

"Present producing gas fields, not including the old Muskegon field, comprise 18,400 acres or 1.4 per cent of that portion of Michigan Stray Sand having gas showings.

"The recoverable reserve before any withdrawals was 29 billion cubic feet of this 15 billion cubic feet are committed to the Saginaw-Bay City lines, 9 billion to Muskegon-Big Rapids, 2 billion to Mt. Pleasant-Clare market, leaving only 3 billion cubic feet without present commitment. The part of the Michigan Stray Sands believed to contain gas, extends over 1,900,000 acres but only 18,400 acres are proven.

"If further drilling should ultimately prove 20 per cent of the Michigan Stray Sand would be productive, then a ten year supply for the state would be available, if 35 per cent are ultimately productive, then a twenty year supply is provided.

"Sufficient information is not yet available to judge whether or not there will be any substantial production from the Monroe-Traverse and Dundee formation. It appears as if Michigan natural gas supply must continue for a while at least to develop as in the past. That is, a source of supply sufficient to supply a community or group of communities must be proven and by proper negotiation committed to a definite market, under such conditions the necessary funds for the construction of the pipe lines can usually be obtained from investors; and upon proper showing the necessary permits can be obtained from the Commission.

"Signed—Manfred K. Toeppen, Chief Consulting Engineer.

"The present available supply of natural gas, 20 billion cubic feet is less than a year's supply for a reasonable future demand of the entire Lower Peninsula. Very great potential productions do exist, apparently in the Michigan Stray Sands, but before any community or any company, attempts to undertake to serve any particular market with natural gas, it will be mandatory that such proposed undertaking have under its command a definite proven and controlled source of supply adequate to justify the sinking of money in transmission lines from the supply to the consumer. To afford necessary compensation for abandoned capital values to benefit the potential customers by sales at prices which are in line with the value of

the services as developed in the first section of this report, and to leave a responsible compensation for the investor."

The State Welfare Commission has promised the City engineering labor, when available, to make a survey and estimated cost, which would provide the city with something tangible to submit to the Federal Government for a loan.

Further reports will be made to this Council when the information can be secured.

Signed:

L. J. SMITH,
A. H. PHILLIPS,
THOMAS TOY,
CHAS. W. RECK,
JOHN A. MUTZ,

Committee on Natural Gas.

By Ald. Smith—

That the report of the Committee be adopted.

Carried.

AN ORDINANCE TO REGULATE THE SALE AND DISTRIBUTION AT RETAIL OF COAL, COKE, WOOD AND OTHER FUEL IN THE CITY OF LANSING, AND TO LICENSE AND REGULATE RETAIL DEALERS IN SUCH FUEL PRODUCTS.

The City of Lansing Ordains:

Section 1. No person, firm or corporation shall bargain, sell, contract for or deliver coal, coke, wood or other fuel, except fuel oil, at retail within the City of Lansing without first having obtained a license so to do, as hereinafter set forth, and without complying with the other provisions of this ordinance.

Section 2. Any person, firm or corporation desiring to bargain, sell, contract for or deliver coal, coke, wood or other fuel at retail within the City of Lansing shall make application under oath and in writing to the City Clerk for a license, on blanks which shall be supplied for that purpose, giving the following information:

- (a) The name under which such business is to be conducted.
- (b) Nature of the organization, whether an individual, firm, corporation or association.
- (c) Proposed location or address of all storage yards and of the principal office if it is at a different location than the yards.
- (d) Name of the person to be actively in charge of the proposed business.
- (e) Statement that applicant possesses or leases sufficient and necessary scales and weighing facilities that have been approved by the Sealer of Weights and Measures and the location of such scales and weighing facilities.

Such application shall thereafter be transmitted to the Sealer of Weights and Measures, who shall investigate the same. If it be found on such investigation, that the statements made in the application are correct and that the scales and weighing facilities to be used by the applicant comply with standard specifications and tolerances, the Sealer of Weights and Measures shall approve such application and return the same to the City Clerk within fifteen days. If the said applicant has not had a coal license theretofore revoked, the City Clerk, upon payment of an annual fee of \$25.00 shall issue a license to such applicant, which license shall be indexed by the City Clerk and shall bear a distinct number, which number shall be retained from year to year provided the license is properly renewed.

Such licenses shall expire on the 30th

day of April of each year, and shall be renewed by the City Clerk upon the payment of the annual fee without filing a new application. The license fee of \$25.00 shall be paid for any part or portion of the year while the license is in force, except that licenses effective until April 30, 1935, shall be issued for a fee of \$12.50.

If, after the issuance of such license, any changes occur in the name of such business or nature of the organization or in the location of such storage yard or yards or business office or in the name of the person actively in charge of the business or in the location of the scale or scales used in such business, a true statement of such change or changes, sworn to under oath, shall forthwith be filled with the City Clerk.

In the event applicant's scales or weighing facilities are located outside the city limits, the same shall be inspected and approved by the Superintendent of Weights and Measures for the State of Michigan or at the option of applicant by the City Sealer of Weights and Measures, who shall inspect the same.

Section 3. No person, firm or corporation shall deliver any coal, coke, wood or other fuel which is sold by weight unless the driver or person actually making the delivery shall bear with him a certificate in writing, together with a duplicate or carbon copy thereof, which shall contain the following information

Name of licensed coal merchant and number of his license.

Kind and quality of fuel delivered.

Kinds and weight of each if fuel is mixed.

Said certificate shall be in exact conformity with the facts and the weight of the vehicle shall have been ascertained on the day of delivery.

No person shall engage in the delivery of fuel sold by weight without having at all times with him the duplicate certificates above mentioned, and he shall deliver one of said duplicate certificates to the purchaser at the same time that delivery of the fuel is made and shall show such certificate or certificates or duplicates thereof to the Sealer of Weights and

Measures, or any of his deputies, or to any police officer of the city whenever demanded. Whenever the Sealer of Weights and Measures, or any person designated by him, or the purchaser shall demand that the weight shown by such certificate shall be verified, it shall be the duty of the person delivering such fuel to convey the same forthwith to such public or private scale in the city as shall be designated by the Sealer of Weights and Measures, or any person acting for him, and both the driver and the licensee for whom he is working may be proceeded against for any violation of these provisions.

Section 4. Each licensee shall place and maintain in a conspicuous place upon each delivery vehicle used the number and name of the licensee and number of his license in letters and figures not less than three inches in height.

Section 5. It shall be unlawful for any person, firm or corporation to substitute or mix fuels or cause the substitution of mixing of fuel sold at retail by such person, firm or corporation except when the fuel has been sold as such and so indicated on the delivery certificate.

Section 7. No coal sold or offered for sale shall be wet or dampened by any process whatsoever prior to the weighing of same for delivery to the retail purchaser, provided, however, that coal may be dust proofed while in storage upon approval of method by Sealer of Weights and Measures.

All coke kept for sale or intended for sale in the City of Lansing shall be kept in a covered shed or building so constructed that the coke therein shall be protected from rain, snow and storm, and it shall be unlawful for any person, firm or corporation to sell or offer for sale in the City of Lansing any coke not kept and protected in the manner herein provided.

Section 8. No wood shall be sold or delivered in the City of Lansing except by the cord, which shall be eight feet in length, four feet high and whatever may be the length of the wood, provide, however, that wood of such character that it cannot be piled or corded may be sold by weight or by the load, which shall consist of forty-nine cubic feet loaded as near solid as possible, and no coal, coke or other fuel, except fuel oil, shall be sold except by weight.

Provided, further, that the provisions of this ordinance relating to the obtaining of license shall not apply to farmers who may sell wood by the cord which has been

grown by them on their own premises. Factory scrap and mill ends are not covered by this ordinance.

Section 9. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be punished by a fine of not more than One Hundred Dollars (\$100) or by imprisonment for ninety days, or by both such fine and imprisonment, in the discretion of the court.

Section 10. The license herein granted may be revoked by the City Council at any time upon due showing that the licensee has been guilty of fraudulent practices of any kind either by delivering less coal, coke or other fuel than shown on their weight certificates or by delivering coal, coke or other fuel of a quality inferior to that represented, or has violated a provision of this ordinance, and when a license has been revoked for cause, no refund of license fee shall be made, and said licensee shall not thereafter be licensed except by resolution of the City Council.

City Treasurer's report showing the receipts to and payments from the several City Funds during the month of November, 1934, and the standing of the City Funds on the 30th day of November, 1934, was received and placed on file.

December 17, 1934.

Hon. Mayor and City Council,
Lansing, Michigan.

Gentlemen:

The timer for the traffic signal light controlling the intersections of Michigan Avenue at Magnolia Street and Clemens Street was removed. The Board of Water and Electric Light Commissioners maintenance division found this device to be worn out and too obsolete to repair.

We are now using a timer purchased for the intersection of Pennsylvania Avenue at Saginaw St. for temporary use. As the Traffic Commission funds are not sufficient

to purchase a new timer at this time, it will be necessary to turn out the traffic lights at the intersections of Clemens and Magnolia at Michigan until more funds are available.

Respectfully yours,

GEORGE A. BARKER.

Referred to Committee on Streets.
